FPT UNIVERSITY

Speaking Test Guidelines for Examiner

General Overview

- Students take the test individually.
- **Part 1:** Long run: Monologue on a given topic (3-4 minutes including 1-minute preparation time).
- **Part 2:** The examiner asks 1-2 questions from a list of 5 questions (connected from Part 1; lasts for 2-3 minutes).

Instructions for Examiner

Before the Test Starts

> *"Good morning/afternoon. Welcome to the speaking test. There are two parts to this test. In the first part, you will talk about a topic for 2-3 minutes. In the second part, I will ask you 1-2 questions."*

Part 1: Long run

1. **Introduce Part 1:** The examiner lets the student choose their topic randomly.

   > *"Let's begin with Part 1. Select a topic card. May I have the question? (Examiner reads the question) You have 1 minute to prepare, and then 2-3 minutes to talk about it."*

2. **Monitor the time.** If the student talks for over 3 minutes, politely stop them.

   > *"Thank you. That's enough for Part 1."*

Part 2: Follow-up Questions

> The examiner asks 1-2 questions (relevant to the unit from 5 given questions) to the student.
>
> *"Now we will move to Part 2. I'm going to ask you questions related to _____."*
>
> *"Thank you for completing the speaking test. You may leave now."*

ENT503 - Speaking Test Sample

Part 1. Description

Describe a time when you successfully achieved a goal.

You should say:

- what the goal was
- how you achieved it
- how you felt about the success
- what you learned from the experience.

Part 2. Discussion Questions

Choose 1-2 questions to ask the student.

1. How can setting specific goals help you achieve your dreams? Give two ways.
2. What are some common problems people encounter when trying to reach their goals? Give two common problems.
3. How can having a positive attitude help you stay motivated and focused? Explain and give two sample situations.
4. How can advice and support from family contribute to achieving your dreams? Explain and give two examples.
5. Should parents decide on their children's choice of major courses? Give two reasons why they should or why they shouldn't.
